COMMUNICATION TIMELINE - leading to decision

- 9/30/2022 Membership Coordinator sent tally to membership
- 10/7/2022 I responded to tally with notes/photos from BQLT Meetings, PDF of Rat Workshop
- 10/15/2022 HOLLENBACK MEETING - skipped, thought I had enough credits, attended workday afterwards
- 11/1/2022 Membership Coordinator sent updated tally to membership
- 11/1/2022 Membership Coordinator informed me that BQLT meeting credits are limited to one
- 11/1/2022 I replied that I was unaware of limitation, BQLT credits were encouraged by past leaders, including me
- 11/2/2022 Membership Coordinator informed me of plot ineligibility for 2023
- 11/3/2022 I countered with why submissions still qualify— 1 was a workshop and 1 was hosted by Hollenback, with a credit offered to the group via email, no mention of limitation + sign-in sheet on table
- 3/6/2023 Membership Coordinator rejected and replied that I am now considered a non-plot holding member, with a requirement of 2 open hours, 1 workday, 1 meeting
